Smart *Inkjet Fax*
SF-370/371P/375TP

Imagine an inkjet fax that is small enough to fit anywhere, and it is so error free that faxes will practically send by themselves. Now faxing doesn't mean carrying a large stack of papers to the office fax machine and spending time waiting, dialing, unjamming paper. With the SF-370 series, the small size lets you fax right from your desk. It is on standby and ready to use 24H/7D and provides skew-free faxing. Get error-free faxing every time. With Samsung SF-370, it's not that hard to imagine.

14. Redial / Pause **15.** Mute
16. Speaker Phone **17.** Stop / Clear
18. Start Copy **19.** Start Fax

Fax even without an original

My Favorites feature stores documents so you can fax directly

Use My Favorites feature, only provided with Samsung fax machines, to store documents that you use frequently. Save up to 20 pages of documents in memory with an ID name, and then just press the My Favorites button when you want to send a fax directly without needing the original paper document. Life can be so simple with My Favorites.

My Favorites :

Select the document from pages stored in memory

Send them without original pages

Perfect hassle-free faxing every time

The paper is guaranteed to stay straight every time

Now you don't have to worry about paper twisting. Samsung's skew free document feeder keeps the paper perfectly straight so it will feed in straight and print out neat every time.

Document Skew Free Feeder :

Straight paper feed

Skewed paper input

Protect yourself from unnecessary fax calls

Identify the fax number and block unwanted junk faxes

The Samsung SF-370 series features Caller ID and Junk mail functions to guarantee that your privacy is respected. The Caller ID function displays the name or number of the caller, leaving you the option of responding or letting the call go to your answering machine. The Junk Fax function scans your incoming faxes for unwanted solicitations and adverts. Eliminate unnecessary faxes and save time and paper.

Caller ID / Junk Fax Barrier :

Advanced features in a personal fax machine

2 / 2.75 MB memory
The Samsung SF-370/371P offers a very generous 2 MB onboard memory which can hold 150 fax pages. Only SF-375TP model has 2.75 MB memory with a capacity of 200 pages. No more missed faxes or missing the last few pages because of memory. Now, that's a smart personal fax machine!

100 ea Speed Dial
The SF-370 series comes equipped with a Speed Dial feature that lets you store up to 100 numbers for instant dialing. Now you won't spend time looking up fax numbers or copying them from the fax cover sheet. Just store them in Speed Dial and one button starts the fax.

30 min. Answering Machine
The SF-375TP features a 30 minute answering machine so that you won't miss any phone call. This feature-rich fax machine features the best of phones and answering machines all wrapped up in a small, personal fax machine.
